Allowable Subject Matter

The following is an examiner's statement of reasons for allowance: the closest prior art disclosure of Ouderkirk (U.S. 5,825,543) does not disclose a separate polarizing plate and it does not appear to have been obvious to add one because the optical element disclosed by Ouderkirk already acts as a reflective polarizer.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
